

# MUSEUM OF THE FORGOTTEN WARRIORS

## NEWSLETTER # 31 August 2020

Hello, Everyone,

I hope you all are doing all right with the heat and smoky air. California is burning, and it is so sad.

We are continuing our Saturday lunches, and you all are welcome. We hope to be able to open to the public by late September. We are working on some ways to make this possible and hope the governor changes the requirements soon. I HATE not being open to the public.

We have made offers to several groups to open specifically for them and, thanks to Don, they have taken us up on the offers.

We are also working on a new grant for the Museum. I will keep you updated. We haven't submitted it yet, and I will let everyone know if we are successful. We still have folks making donations in spite of the situation, and I am very grateful.

The work on the new security cameras is almost finished. It is a relief to me to be doing this. With all the lawlessness and destruction going on, we want the Museum to be as protected as possible.

We all continue to do our best in these difficult times. Please stay safe and take care.

For Dann,

Roberta
