

# MUSEUM OF THE FORGOTTEN WARRIORS

## NEWSLETTER #4 June 2018

Hello everyone! June was another busy month here at the Museum of the Forgotten Warriors. Anyone driving east on North Beale Road will now notice the new road signs pointing the way to the museum. One at 6 miles out and one just past the Griffith Ave stop signs at 3 miles out. Thank you to my brother Charlie Eskew who came up with the idea and for Andy Vasquez and the Yuba County Board of Supervisors for making it happen. Dann is smiling.

The work is almost completed in the patio area. Bert has made major strides in the paintings on the helicopter blades. They are awesome. The projects that Dann wanted finished are on going and I think by the fall will be completed.

On June 9th, the museum was the recipient, once again, of the Duke Griego Memorial Golf Tournament's generosity. This year, the museum was awarded \$7,000. Thank you to Mary Jane and everyone who attended and made that possible.

Don hosted several groups this month and went to several different venues to speak for the museum. Thank you Don for all you do!

Several new plaques have been set in the walkway, and Jack had a wonderful tribute to Dann and the museum put on the tailgate of his SSR. If you see it around town, tell him how much you appreciate what he did for Dann and the museum.

We started our summer hours June 2nd and will remain on them until the first Saturday in October. We have been managing the heat pretty well and, the earlier hours help it be more comfortable for the volunteers and visitors alike.

If you haven't volunteered on a Saturday yet, please consider giving a few hours to the veteran community and to the museum. You won't be sorry!  
For Dann, Roberta
