### About the Museum Displays

The displays in the Museum are very personnel, there are the patches, plaques, letters, relics and memorabilia grouped around photos of the Vet who brought them home. The Vet's story is told in the display so that it is a very personnel tribute to the veterans service. Sometimes, the display memorabilia comes from the Veterans family. The displays range from the Civil War through Desert Storm with the main displays being from the Viet Nam War. Three galleries hold the collection that makes up the Museum. The Wall of Honor holds 150+ 8x10 photos of Veterans who have signed them to me and the Museum. Outside the Museum in the entrance area sit static displays of a deactivated m-48 Tank retriever (WW II), 2 Japanese 75mm cannons (WWII), OH-23 Raven helicopter (Korea/Viet Nam), A USMC Ontos (Viet Nam), and a Charley model Helicopter (Viet Nam). These are displayed behind the Avenue of flags as you enter past a memorial plaque that says, "LEST WE FORGET" to the Museum entrance. Displayed in the museum are over 18,000 pieces that are dedicated to all who have served and fought for the freedoms that we have in this great country. I hope that through the museum and its displays, I have helped in a small way to to keep the memories alive for the sacrifices that our Veterans have made! YOU ARE NOT FORGOTTEN! Thank you and Welcome Home!!! Dann Spear - Museum of the Forgotten Warriors, Marysville, Calif.
